

## Citizens Answering Unfounded Rumors

**Allegations Regarded  
As Effort To Confuse  
Voters On Sewer Issue**

"We can only hope that the public has confidence in its Citizens' Committee," a sub-committee chairman commented Thursday afternoon following a meeting at which they refuted unfounded rumors being circulated by opponents of the citizens' pollution abatement and drainage program.

Noting that the Oct. 2 drainage election is only a little over two weeks away, the group concluded that the rumors apparently are a last-ditch desperation effort by out-of-town politicians and their cronies to confuse voters. In line with its goal of full public understanding of the program, the committee plans to supply documented answers for the "ogginers" allegations.

An example of the rumors is that Mrs. Gabrielle Betine, Granite City spokeswoman, is being paid to serve as the Speakers' Bureau chairman. "This, of course, is not true," G. J. Hoelscher, Citizens' Committee chairman, told the Press-Record.

No Citizens' Committee members or campaign leaders are being paid. In fact, the committee not only has served without pay during the past three years but paid its own way to Chicago to seek the federal funds which were used in preparing plans for pollution-drainage improvements. Not even the expenses incurred were reimbursed.

**Contributions Accepted**

The committee has made no request that it be spent in informing the public of the election facts through signs, pamphlets and other materials, Hoelscher said. In fact, it has publicly invited contributions from citizens interested in the future welfare and progress of Granite City.

Another unfounded rumor is that the minimum charge for more than \$325 in some areas, committee members noted Thursday. That answer is that the nationally-recognized bond attorneys, Charles and

## Cable Restoration May Cost \$6000; Theft Netted \$24

Weekend theft-burglary reports in the Quad-Cities include the cable theft which may cost the owner 240 times the amount obtained when the loot was sold.

Stolen underground electric cable sold to an East St. Louis scrap metal firm for \$24 Thursday afternoon had a value of \$15,600, Venice police learned after charging two youths with the theft. And it will cost an estimated \$6000 to restore the damaged power line.

Statements obtained by the police, who questioned five suspects, showed that a hawkeye and axe were used to separate the lead and copper cable and a steel jack and remove it from the ground at a point near the McKinley Bank.

There was no injury because the alternate submarine transmission line was not in use at the time, Union Electric Co. officials said. Sections totaling about 40 feet were taken, police reported.

James Edmunds, 26, of 517 Garner road and Wesley Ware, 18, of 525 Slough street, were charged with theft of the cable and waived preliminary hearings Saturday afternoon. Held at the Venice jail in lieu of \$2000 bonds, they are to be transferred to the county jail.

Charles Edmunds, 26, of 517 Garner was released on bond as a material witness. Two others who were questioned were released.

Police learned that the cable was cut Wednesday afternoon between evening and hidden in weeds until Thursday afternoon, when it was taken to the 300 block of Garner road and cut into smaller sections for transport by auto to the Tenth Street Metal Co., 724 Trembley avenue, East St. Louis, to be sold. The arrests were made Friday.

## Injury Toll Of 17 Includes Cyclists, Girl, Passengers

A Quad-City area traffic injury toll of 17 this weekend included two persons hospitalized as a result of an auto striking utility poles; a young girl pedestrian; and two bicycle riders. There were 27 auto accidents. Two local youths were injured about 12:30 a.m. Sunday when the auto in which they were riding struck two utility poles at the State street corner near 15th street. Both youths were hospitalized here.

One power pole was knocked

down, and State street was blocked off while Illinois Power Co. crews replaced power lines which had fallen with the pole. Police charged David Zeoff, 19, of 1821 Fourth street, with reckless driving. He was hospitalized for injuries to head, ribs, back and right shoulder. A passenger, Robert Arbogast, 21, of 448 Benton street, suffered a cut to his left eyelid and head injuries.

The report shows Zeoff was traveling south on State street and was passing another auto. "He was unable to make the curve, struck one pole then skidded into another, knocking it and power lines down," the officer stated.

New drainage lines will end City's Biggest Headache

Drainage—Granite City's biggest community headache—can be cured Oct. 2.

The Citizens' Committee plan includes miles of new sewer lines designed solely to rid the city of excess surface water.

The city's new drainage system will be entirely separate from the sanitary sewer system. This will end the back up of contaminated sewage into basements and onto streets. For most householders it will mean disconnecting roof downspouts from the sewer lines.

However, that inconvenience will be more than offset by the elimination of the worry about basement drain plugs and valves.

Under the plan, the present sewer system which now carries rain in its limited manner—both sanitary sewage and storm water, will be restricted to sanitary sewage.

New drainage lines to this

## Contract Talks Still Under Way At Plant

**U.S. Conciliator Meeting  
With Officers Of Gen'l.  
Steel And Steelworkers**

Negotiations were still under way at noon today in an effort to end a strike of 1350 United Steelworkers at the local Commonwealth plant of General Steel Industries, Inc. The strike began at midnight Friday, the expiration date of a three-year contract.

Officials of both sides went into a negotiating session at 10:30 a.m. today at the plant offices with representatives of the U.S. Mediation and Conciliation Services. The federal agency also participated in Friday's negotiating session.

Members of United Steelworkers 1022 met last Thursday in morning and evening sessions at the Labor Temple and rejected an offer by the company, it was learned from Gen'l. Steel. The national officer of the union, he said the margin was about 600 to 10.

**Details Not Disclosed**

Good declined to disclose details of the offer, but said the union is not seeking a basic pay boost. However, local working conditions, including seniority classification and fringe benefits. He added that the basic steel pattern outlined earlier this year has not been agreed upon.

Pickets appeared at the plant entrances at midnight Friday, idling the plant which employs 1800 persons. The Steelworkers, strike is the first at the plant in about 15 years.

Both sides declined to give information on the items included in the negotiations.

A spokesman for the company said today "Our record of good relations with our employees has been excellent for many years and we hope to keep it this way." He added that the company intends to continue negotiations in "earnest expectations that terms of an equitable new contract may be agreed on as quickly as possible."

It is expected that negotiations will be continued this afternoon.

## Slu To Be Delayed Until Area Is Zoned

**Controls For Campus  
Fringe Areas Sought;  
Six Hearings Remain**

The Southern Illinois University board of trustees decided Friday to hold up construction of the 2600-acre campus in the bluff area between the Quad-Cities and Edwardsville pending satisfactory zoning of the area.

Harold R. Fischer, First Granite City National Bank president and member of the SIU board, said today he is sure the problem will be worked out. "But the \$25,000,000 is taxpayers' money," he said, "and we feel we would be criticized if we took it and put it in a spot where there are junk yards."

"It is disappointing, but SIU is going ahead with all plans" so there will be no unnecessary delay in the picture, he said. "But we can't advertise yet because we couldn't have taken action on the bids."

Fischer suggested two possible solutions, either of which he said would be acceptable to the SIU board.

"We are approaching the point where advertising for bids will be in the picture," he said. "But we can't advertise yet because we couldn't have taken action on the bids."

**Defer Call For Bids**

"The county could zone the area," he said, "or perhaps Edwardsville could zone the area and zone around us." No building contracts are to be awarded until there is adequate zoning.

The board of directors meeting was held at Carbondale. SIU was allocated \$25,000,000 from the 1960 state university bond issue to use in establishing a four-year university here. About \$1,000,000 has been released so far.

The board feels that, without zoning, the area would develop in a haphazard fashion and be a constant source of embarrassment to the university, state citizens.

**1964 Completion Goal**

If zoning can be provided in time to avoid upsetting the construction schedule, classes will begin in September 1964 at the new campus.

An initial enrollment of 5000 to 6000 students at the site is anticipated. By 1970 it is expected that the campus and its research centers will have total enrollment of 18,000 students. There are over 4000 SIU students at Alton and East St. Louis.

The Madison County Zoning Commission has conducted township public hearings on a proposed county zoning ordinance that would affect unincorporated portions of the county. Opposition has been voiced by a small group of touring zoning foes at all of the hearings.

Hearings are yet to be held in Wood River, Alton, Venice, Godfrey, Chouteau and Granite City townships.

**Experience In Carbondale**

Observers believe the action of SIU directors in holding up construction is to avoid fringe area conditions similar to those

## Water Co. Local Office Had No Data On Rate Increase

(Special from Springfield)

The \$1485,000 (47%) annual rate boost sought by East St. Louis & Interurban Water Co. was under fire by Granite City Atty. Randall Robertson as the hearings were resumed Thursday and Friday.

Robertson, representing a large water users group, called upon two Granite Cityans to testify that they were unable to secure proposed rate figures at the local water company office.

Called to the stand before the Illinois Commerce Commission Friday were John R. Harsh, director of services for Union Starch & Refining Co., and Albert A. Rowden, 2905 Madison avenue, a steel mill crane operator and owner of six apartments.

They were questioned about their efforts to find out how much the proposed higher rates would cost them.

Each said he had visited the Granite City office of the water company and had asked employees in the office if they could tell them what the increase would amount to in their separate cases.

## No Data Available

Both Harsh and Rowden testified that they showed the employees their utility bills but that the employees were not able to answer their questions and that the new rates were not posted.

Following their testimony and cross-examination, Robertson moved for dismissal of the company's application. The local attorney said he based his motion on a commission rule that such proposed new rates are required to be posted for public information.

Robertson's motion was taken under advisement.

When the hearings are resumed on Wednesday, Jacob T. Wankmuller of Richmond, Ind., vice-president of the water company, is expected to be recalled to testify. He is to be questioned concerning fees for turn-on and shut-off meter rates.

Objectors to the proposed water rate increase are to be heard Sept. 27-28.

## Catch Basin Stench Can Be Stopped By Separate Sewers

Dank, nauseous odors emitted by corner catch basins will end with separate sewers to carry off storm water.

Attention to the stench was called Thursday night during a meeting of the Fifth Ward Republican Club in a building at Niedringhaus avenue and Maple street.

The club members were hearing pro and con talks on the \$10,000,000 drainage-pollution abatement revenue bond issue vote Oct. 2.

**Sticks Head In Door** The meeting was in progress when a man who had been loitering outside the door yelled in "What about this stink out here? Can you stop that?"

Project Engineer Edward Juaneau, one of the speakers, was quick to reply. "Yes, it will. I can guarantee it."

He explained the catch basins now are connected onto the regular sewer system which carries sanitary sewage as well as storm water flowing off the streets.

**New Hold Rotting Sewage** "They become virtual cesspools and hold rotting sewage," the engineer explained. That catch basins on the corners usually are not as deep as the sewer lines, and when the sewers run full with storm water after a rain that raw sewage backs into them.

"When this happens, the sewage is trapped in the catch basins after the water recedes," Juaneau said. "It stays there and rots. That causes the smell."

Explaining the proposed new system, the project engineer said catch basins will be disconnected from the sanitary sewers.

"They will be connected to the new drainage lines that are to be installed under the bond issue," he said.

**Farmers To Hear Report On Their Holding Action** Farmers' holding action to obtain better prices is proving effective, Madison county members of the National Farmers' Organization will be told at a regular meeting at 8 p.m. tomorrow in the St. Jacob community hall. But meat prices are artificially high now in an apparent move to turn the public against the farmers, it will be contended.

Erwin Wein, 24th Congressional District NFO president, told the Press-Record today that a report will be submitted on Thursday's visit to the National City stockyards by 3000 farmers checking official volume records. It was learned that such temporary markets' cattle and livestock business is being kept near the normal level only through elimination of other buying stations and receiving points, he said.

**Mrs. Julia Holton Succumbs At Age 87** Mrs. Julia L. Holton, 87, died at her home at 2248 State street after a long illness. She had been under medical care for the past two months.

A resident of Granite City since 1910, Mrs. Holton was born at Cadet, Mo. She was a member of the First Presbyterian Church.

Mrs. Holton's husband, W. P. Holton, preceded her in death 15 years ago.

She is survived by a son, Wallace A. Holton sr., Granite City; a brother, John W. Cassidy of Phoenix, Ariz.; three grandchildren and two great-grandchildren.

### Lions Club To Host Madison Honor Students

The Madison Lions club plans to host honor students of Madison high school at its meeting Sept. 27. Jerry Zahn is in charge of the committee to make the necessary arrangements.

The announcement was made at the regular weekly meeting of the Lions Thursday at the Sportsman's club. A board of directors meeting had been planned but was postponed until next week due to Sessquicentennial activities. A short business meeting was held instead.

Ernest "Lefty" Davis was appointed secretary to serve out the remainder of the term of Lee Abernathy, who was forced to resign the post because of the business of business.

### Vandals Shoot Out Tractor Instruments

A representative of the East-St. Louis told Venice police this morning vandals with air guns shot out 17 instrument panel gauges on four crawler tractors in use on a Venice project sometime over the weekend.

The tractors were parked at the construction site of the new pumping station just north of the Merchants Bridge. The engine of one of the machines was started, police said, but it was not moved.

### Hair Dressers Will Meet

A meeting of the East St. Louis-Tri-City Hair Dressers Association will be held at 8 o'clock this evening at the Big Top Bowl, according to an announcement by the president, Earl Parsons. There will also be entertainment and refreshments.

## Kids Take To Cover For Moose Lodge Pet Parade

A drizzling rain forced cancellation of the Moose Lodge pet parade Saturday afternoon, but failed to dampen the spirits of dozens of children who showed up with dogs, cats, rabbits, ducks, turtles and even a skunk.

The parade was scheduled to begin at 2 p.m. from the Granite City Steel-First Granite City National Bank parking lot, then proceed west on Niedringhaus avenue, ending at the Granite City Steel Co. parking lot at 20th and Benton streets.

**Give Prize Money** The judges decided, however, to hold the judging under cover at the assembly point. One hundred dollars in prize money was distributed among the contestants.

The major prizes were for best dressed, most comical and most original pets. There was a large number of consolation prizes awarded.

Mickey Lengiel and her dog, "Midge" won first prize for the best dressed pet. Mickey, who was dressed in an old-time dress and pushed the dog in a decorated doll carriage.

Felicia Mary Koch, Anne Barnes and Josephine Koch won the first place prize in the most original category. Their dog "Rex Vanguard," "Maverick" and "Fritzie" were outfitted as doctor, nurse and patient and were entered as a team.

**Turtle On Leash** won the first place prize for most comical pet.

The judges were W. H. Hamlen, president of the Eagles Axi Belt, past governor of the

## GRANITE CITY TRUST CHECKING ACCOUNT!

James I. Churlin, 62, of 900a Niedringhaus avenue, was found dead by Granite City police in his apartment about 9-15 a.m. Friday after a neighbor notified authorities he had not been seen for several days.

Deputy Coroner Henry Pieper, called to the scene by police, said he was lying face down on the floor and apparently had been dead about two days. An inquest is pending, although death apparently was the result of natural causes.

A retired employee of the Granite City Army Depot, Mr. Churlin was a 40-year Granite City resident. He was born in Greece.

He is survived by a cousin, Mrs. Mildred Lynch of Granite City.

### Miss Irene Cann, Robt. Stinchfield Wed Saturday

Miss Irene Cann, a daughter of Mr. and Mrs. Arthur Cann, 2033 Missouri avenue, became the bride of Robert Stinchfield, 120 Rainbow Drive, Collinsville, at 5 o'clock Saturday evening in a double-ring ceremony at Second Baptist Church. Mr. Stinchfield resided with his grandmother, Mrs. Elizabeth Rogers.

Rev. W. L. Showers officiated, and attending the couple were the bride's sister, Mrs. Joan Nale, and her brother, Robert Cann.

For her wedding, Miss Cann wore a street-length dress of white brocade satin, fashioned with a boat neckline, three-quarter length sleeves and a bell skirt. Her modesty veil was attached to a crown of seed pearls and she carried a bouquet of white carnations surrounding two white orchids. Mrs. Nale was in beige equestrian with a matching flowered hat and a corsage of white carnations.

The bride's mother was attired in black and white jersey and her corsage was also of white carnations.

After a honeymoon trip, the couple will reside in Collinsville at the Rainbow drive address. Stinchfield is employed by Hunt-Packing Co., East St. Louis, and his bride at the Granite City F. W. Woodworth store.

### Miss Patricia Price Becomes Bride Of Richard G. Howard

Miss Patricia Price, a daughter of Mr. and Mrs. William E. Price, 1243 Klein street, Venice, became the bride of Richard G. Howard, a son of Mrs. George Colan, 1211 Robin street, Venice, Saturday morning at St. Mark's Catholic Church.

Rev. Robert McCarthy officiated at the 11 a.m. service, music for which was furnished by Mrs. Helen St. Louis, and his bride at the Granite City F. W. Woodworth store.

Attendants were Miss Marjorie Foley, maid of honor, and Miss Joyce Cowles, bridesmaid, Thomas W. Rickert, best man, and William Morris, groomsmen. The bride, given in marriage by her father, wore a white, princess style dress of silk organza over tulle with Venice lace trimming the scoop neck and forming cap sleeves. Lace also accented the small waistline and extended to a V in the back to form pleats for the full chapel train. A crown of seed pearls and crystals held in place a waist-length circular veil of silk imported illusion and the crescent bridal bouquet was made up of quill chrysanthemums and eucalyptus.

The honor attendant and a bridesmaid were dressed alike in full length emerald green peau de sole gowns styled with scoop necks and small sweetheart bows trimming the three-quarter length sleeves and waistlines. A butterfly bow with streamers extended from the waistline in the back to the hem lines and matching bows held in place circular veils. Their bouquets of quill mums tied with chartreuse ribbon were arranged to form cascades.

George Hlava and Dave Durbarrow served as ushers at the wedding. The bride's mother was attired in a blue lace sheath with a short jacket, beige accessories and a beige orchid corsage. The bridegroom's mother was in toast crepe with a lace bolero and matching accessories. Her corsage was a blue orchid.

The wedding reception was held in the evening at the JW hall. After a trip to Chicago, the newlyweds will reside at 1508 Third street, Madison.

The former Miss Price, a graduate of the Venice high school is employed as a secretary at a St. Louis radio station.

## Catch Basin Stench Can Be Stopped By Separate Sewers

Dank, nauseous odors emitted by corner catch basins will end with separate sewers to carry off storm water.

Attention to the stench was called Thursday night during a meeting of the Fifth Ward St. Partisan Club in a building at Niedringhaus avenue and Maple street.

The club members were hearing pro and con talks on the \$10,000,000 drainage-pollution abatement revenue bond issue vote Oct. 2.

**Sticks Head In Door**  
The meeting was in progress when a man who had been loitering outside the door yelled in "What about this stink out here? Can you stop that?"

Project Engineer Edward Juneau, one of the speakers, was quick to reply.

"Yes, it will. I can guarantee it," He explained the catch basins

now are connected onto the regular sewer system which carries sanitary sewage as well as storm water flowing off the streets.

**Now Hold Rotting Sewage**  
"They become virtual cesspools and hold rotting sewage,"

The engineer explained that catch basins on the corners usually are not as deep as the sewer lines, and when the sewers run full with storm water after a rain that raw sewage backs into them.

"When this happens, the sewage is trapped in the catch basins after the water recedes," Juneau said. "It stays there and rots. That causes the smell."

Explaining the proposed new system, the project engineer said catch basins will be disconnected from the sanitary sewers.

"They will be connected to the new drainage lines that are to be installed under the bond issue," he said.

## 9 Quad-Cityans Arraigned On Criminal Charges

Not guilty pleas were entered by nine persons from the Quad-Cities area arraigned on criminal charges in Madison county circuit court Thursday afternoon.

Willard V. Portell, clerk, said they were among 22 cases arraigned. Two cases were continued. Indictments were returned earlier by the September session of the recalled May term grand jury.

Frederick J. Murren, 31, of 2912 Willow avenue, was arraigned on two cases of indecent liberties with a child and two of contributing to the sexual delinquency of a child. He is presently free on bond.

Julius Johnson sr., 40, of Madison, is charged with aggravated incest and indecent liberties with a child. Also arraigned on a charge of aggravated incest was Thomas Carlton, 45, of 2028 Washington avenue. Both are held in the county jail.

Others arraigned include William D. Cawley, 33, of 616 Barkley, Mitchell, charged with armed robbery, who is free on bond; Hyman N. Gray, 36, of 1324 Carl street, burglary, jail; Ronald Allen Brown, 20, of the Granite City Army Depot, armed robbery, bond; Predester Aaron, 19, of Venice, armed robbery, bond; Frank E. Markovich, 20, of 1638 Third street, Madison, burglary, free on bond.

## Farmers To Hear Report On Their Holding Action

Farmers' holding action to obtain better prices is proving effective, Madison county members of the National Farmers' Organization will be told at a regular meeting at 8 p.m. tomorrow in the St. Jacob community hall. But meat prices are artificially high now in an attempt to turn the public against the farmers, it will be contended.

Erwin Wein, 24th Congressional District NFO President, told the Press-Record today that a report will be submitted on Thursday's visit by the National City stockyards by 3000 farmers checking official volume records.

It was learned that such terms as "live stock" cattle and live stock business is being kept near the normal level only through elimination of other buying stations and receiving points, he said.

## Mrs. Julia Holton Succumbs At Age 87

Mrs. Julia L. Holton, 87, died at her home at 2248 State street after noon Friday.

She had been under medical care for the past two months. A resident of Granite City since 1910, Mrs. Holton was born at Cadet, Mo. She was a member of the First Presbyterian Church.

Mrs. Holton's husband, W. P. Holton, preceded her in death 15 years ago.

She is survived by a son, Wallace A. Holton sr., Granite City; a brother, John W. Cassidy of Phoenix, Ariz.; three grandchildren and two great-grandchildren.

Funeral services were conducted this morning at a Granite City funeral home, with interment at Murphyboro, Ill.

An obituary notice appears elsewhere in this issue.

## Lions Club To Host Madison Honor Students

The Madison Lions club plans to host honor students of Madison high school at its meeting Sept. 27. Jerry Zahn is in charge of the committee to make the necessary arrangements.

The announcement was made at the regular weekly meeting of the Lions Thursday at the Sportsman's club. A board of directors meeting had been planned but was postponed until next week due to sequential activities. A short business meeting was held instead.

Ernest "Lefty" Fazio was appointed secretary to serve out the remainder of the term of Lee Abernathy, who was forced to resign the post because of the press of business.

## Vandals Shoot Out Tractor Instruments

A representative of the East-Edge Contracting Co. of East St. Louis told Venice police this morning vandals with air guns shot out 17 instrument panel gauges on four crawler tractors in use on a Venice project sometime over the weekend.

The tractors were parked at the construction site of the new pumping station just north of the Merchants Bridge. The engine of one of the machines was started, police said, but it was not moved.

## Hair Dressers Will Meet

A meeting of the East St. Louis-Tri-City Hair Dressers Association will be held at 8 o'clock this evening at the Big Top Bowl, according to an announcement by the president, Earl Parsons. There will also be entertainment and refreshments.

Five Games Open  
Touch Grid Program

Five games opened the Gran-  
ite City park district's touch  
football league season Saturday  
at Wilson Park, with action in  
two age divisions being complet-  
ed before rain washed out the  
afternoon portion of the sched-  
ule.

Jeff Jones scored three touch-  
downs as the Lions tamed the  
Cardinals 20-7 in a seventh  
grade league. In the same  
league, Rick Ahlbers' TK was  
the only score as the Bears  
nipped the Eagles 6-0. The Car-  
dinals came back later in the  
morning to down the Twilight  
Optimists 7-0 on Rick Barbi's  
touchdown.

In 5th-6th grade league play,  
the Jets used Gus Lignault's  
score to edge the Falcons 6-0,  
and the Rams overpowered the  
Eagles 35-0 as Mike Pokarik  
scored three times and Tim Wal-  
ace accounted for a single touch-  
down. The Mustangs were awarded  
a 7-0 forfeit win over the Bears  
in another 5th-6th game schedul-  
ed for Saturday afternoon.

The two 3rd-4th grade league  
games set for Saturday after-  
noon were postponed because of  
rain.

**Motorist Charged**

James R. Braswell, 25, of  
South Roxana, was charged  
with reckless driving Friday  
after the auto he was driving  
struck another at 8:50 p.m. at  
2000 Illinois avenue. The parked  
auto belonged to Donald Zimbel-  
man of 2028 Iowa street. Pol-  
ice said Braswell left the scene of  
the accident but returned later.

**Parked Car Damaged**

A hit-and-run vehicle damaged  
the left front fender of the

# Record Crowd Sees Warriors Stun Assumption, 13-12

## Petrillo Returns Punt 60 Yards For Winning TD In Final Minute Of Play

An electrifying 60-yard punt return by sophomore half-back Nick Petrillo in the final minute of play Friday night enabled Granite City's Happy Warriors to edge visiting Assumption of East St. Louis in the opening football game of the season for both clubs, 13-12.

Petrillo's touchdown dash, accomplished behind picture book blocking by four teammates, climaxed an uphill, fourth-quarter comeback for Coach Al Lewis' club, which was down 12-0 at the final period began.

And it was sweet revenge for GCHS, which lost 40-0 in the 1961 season opener.

"Two things won for you," Lewis told his boys in a noisy, happy dressing room after the game. "You didn't quit, and you showed me some punt return blocking that was punt return blocking."

Lewis was the calmest individual present as the Warriors pulled off their sweat-soaked pads, but if any of the 500-plus fans, a record crowd, had watched him a few moments earlier as Petrillo followed his blockers down the right sideline to pay dirt, they would agree that the pipe-smoking, first-year coach has his exciting moments too.

An Vince Debeve, Ron Yates, Randy Stigelmeyer and Terry French threw key blocks and it became evident that the stutter-stepping sophomore half-back would make it. Lewis threw his coat and various other personal articles high into the air in spontaneous abandon. His reading glasses fell in the grass at mid-field and were recovered by an official just prior to game's end.

**Demaree Dazzles**  
Early in the third quarter things along the GC bench were a bit more subdued after speedy Pioneer halfback Don Demaree had reeled off a 58-yard run, longest of the evening, and three plays later had turned his own left end on a well-executed double reverse from the 10 yard line for the game's first score. Don Ruegg's point after touchdown kick was blocked by the Warriors, one of several key plays which grew in importance as the game neared its conclusion. The Patriots got what looked like an insurance break on the first play from scrimmage after the kickoff when they recovered quarterback Larry Nohlin's fumble on the GC 21. Five plays and a first down later, Assumption quarterback Ken Lambert bulldozed the final four yards to boost the Patriots to a 12-0 lead over the Warriors for the first time. Lambert's PAT kick was good but Assumption was pen-

alized five yards for illegal procedure, and the second try was wide to the left.

**Reverse Backfires**  
Another fumble—this time by Assumption's halfback, who was tackled by Norm Wilfong, scooped up the loose ball, got the only block he needed from French, and rammed 40 yards for the Warriors' first score of the season.

Sophomore Joe Hauptman booted his first try at an extra point in varsity competition perfectly, and the Assumption lead was only five points, 12-7.

**Fumble Away Chances**  
The Warriors passed up two good scoring opportunities midway through the fourth quarter. Demaree's quick kick from his own 17 traveled only five yards, and the GC fumbled away the ball again on the first play from scrimmage.

Assumption picked up no ground and, when Joe Willie booted Lambert's punt try, Bob Pyle took the ball at the Pioneer 11. But GC could not do more than the nine against the stubborn Pioneer line.

Assumption picked up a first down and moved out to its own 27 before running out of steam again.

Lambert got off his best punt of the evening, a 35-yarder to the Granite City 40, but he fumbled the punt to the wrong receiver.

Petrillo was waiting on the 40, and the Warrior blocking screen materialized perfectly along the right sideline. French, Yates and Debeve moved down would-be tacklers to the Assumption 15, where Petrillo cut back toward the center of the field. He got one additional block from Stigelmeyer and stepped untouched into the end zone.

Hauptman missed on his second conversion try, but a loose and pass-way GC defense, willing to give up the short gains for the precious seconds on the clock, stopped Assumption on the GC 40 at the gun.

**Kick Determined**  
"I never figured we'd make so many mistakes and fumbles—enough for an entire season—and come out like this," Lewis said. "It just goes to show what a bunch of kids can do when they're determined and won't let you get in their way."

What did Lewis tell Petrillo as the Patriots lined up in punt formation for the last time? "I told him, 'Nick, just get the ball and run it back as far as you can.'"

Coolidge and Prather junior high schools will each open seven-game football schedules Thursday. Both clubs play on the same dates, down through their schedules, but while one club is "at home" in Granite City 5 the other will be playing an out-of-town game.

Coolidge's Braves, playing under new Coach Bob Ward, a GC native with Florida junior high school football coaching experience, will open at home Thursday against Edwardsville's freshman team. Game time is 4 p.m. at the CJHS athletic field. John Toney returns as the Braves' assistant coach.

Prather will travel to Bethalto Thursday for a 7 p.m. contest with the Eagle freshmen. The Chiefs are coached again this year by Carroll Saunders and assistant Conrad "Babe" Champion.

The two local teams will conclude the season by meeting each other on Nov. 1 at the Granite City high school football field.

**The schedules:**

## Trojans On Edwardsville 9 Yard Line At Final Gun

Halfback Walt Cooper of Madison raised a few eyebrows by smashing Edwardsville's line for 158 yards, but the Tigers used a varied attack to gain a 14-7 non-conference football victory over Glen Pickering's club in Edwardsville Friday night.

Cooper, taking up where the 1961 Madison combination of Ed Petty and Ken Griggs left off, dashed 48 yards for Madison's only score with 11 minutes left in the fourth quarter, and then picked up the "Trojans" seventh point on a two-yard extra-point plunge.

Tiger halfback Wayne Henderson smashed over from six yards out to break a scoreless tie in the third quarter when he hit halfback Bill Blind with a 25-yard pass. Townsend again plunged for the extra point.

Quarterback Larry Schaak applied the clincher with just 10:34 left in the third quarter when he hit halfback Bill Blind with a 25-yard pass. Townsend again plunged for the extra point.

The game ended with Madison knocking on the touchdown door at the Edwardsville nine yard line.

The Tigers, billed as the most promising unit at EHS since Coach Benny Iselhardt took over 14 seasons ago, had two first-half touchdowns plays nullified because of penalties.

**Sophs Play Today; Schedule Changes, Jayvee Additions**  
Granite City's sophomore football club will meet Assumption in East St. Louis at 4 p.m. today in the first of seven soph contests on this year's schedule.

Only 4 Substitutions  
Pickering, who said he was well-satisfied with the club's performance despite the loss, made only four substitutions during the game. Three of those were in the backfield.

Edwardsville didn't throw as much as we thought they would, but our pass protection—for a bunch of green kids—wasn't bad at all," Pickering said.

"We're going to spend Monday's practice going through all of our mistakes, and that will

## Hearts Clip Maryville 4-2 But Mercer Is Eliminated By Gaillius And Glassmen

Sacred Heart, with Jim McKeehan, Ed Opich, Bob Burns and Manager Paul Schuler swinging the big bats, scored single runs in four separate innings yesterday at Maryville, where they tripped the Sox 4-2 to advance to the second round of the Inter-City baseball league's post-season playoffs.

The Hearts will play Red division champion Moose Lodge next Sunday at East St. Louis in the division finals. McKeehan will travel to Peckaboot for the Blue team finals.

Next Sunday's winners will begin a best two-out-of-three final series on Sept. 29 at the home diamond of East St. Louis scored a 4-0 triumph.

The Hearts will play Red division champion Moose Lodge next Sunday at East St. Louis in the division finals. McKeehan will travel to Peckaboot for the Blue team finals.

Next Sunday's winners will begin a best two-out-of-three final series on Sept. 29 at the home diamond of East St. Louis scored a 4-0 triumph.

John Raines was touched for 10 hits in his pitching victory over Maryville, and needed some last-minute help from reliever Jim Reiter to come out on top. Reiter entered the game with a Maryville run home and two on in the bottom of the ninth, and struck out Gary Hearne, who had played a big role in an earlier Sox victory over the Hearts with a pair of home runs, one of them a grand slammer.

McKeehan got things rolling early when he greeted lesser Blue pitcher next Sunday, had a shutout going until Maryville broke the ice with a single run in the sixth. Burns and Schuler each had three hits for the Hearts. McKeehan downed Mercer by scoring all four of its runs in a wacky fourth frame.

Raines, already named by Schuler as the starting pitcher next Sunday, had a shutout going until Maryville broke the ice with a single run in the sixth. Burns and Schuler each had three hits for the Hearts. McKeehan downed Mercer by scoring all four of its runs in a wacky fourth frame.

Gaillius, leading off, was safe on an infield throwing error, the first of three Mercer miscues in the frame.

Rich Ryan sacrificed, and Ray McKeehan's fly ball to right was dropped for an error. Gaillius scored and, when the relay to third got away for still another bobble, McKeehan also crossed the plate and the Glassmen led 2-0.

Charles Hopkins followed with a double off loser Don Krotchvil, the first hit of the inning. He scored on John Crnkovich's long triple, and Crnkovich came on Eddie Hopkins' single. Gaillius continued his mastery over Mercer. He allowed only four hits and only two Mercer runners got as far as second base.

**Carpenter Bows Out**  
McKeehan survived a four-run rally by Carpenter in the last of the ninth Thursday night at LeClaire field in Edwardsville to win a special third-place tie-play-off contest, 9-8.

The Glassmen took a 9-4 lead into the final half-inning, but Carpenter got one run on Bill Metz's leadoff homer and scored three more times before Teddy Gaillius, the third McKeehan pitcher used, got the third out and preserved the win for starter Ed Baiza. Don Florini was the loser.

Don Knopp relieved for Carpenter in the ninth, and gave up to Charles Hopkins the sacrifice fly which plated what proved to be the winning run.

Jacqueline Fendel, Daniel Reilly Wed At Ballwin

Bronze chrysanthemums mixed with autumn leaves adorned the Holy Infant Church, Ballwin, Mo., for the Saturday wedding of Miss Jacqueline Toni Fendel and Daniel Sicily Reilly, son of Mr. and Mrs. Louis Reilly, 1641 Fourth street, Madison.

Father Jeremiah Callahan officiated at the 11 o'clock nuptial mass.

The bride, daughter of Mr. and Mrs. Jack Fendel of Ballwin, was escorted down the aisle by her father.

She wore a formal gown of candlelight peau de soie. The modish bodice was designed with a portrait cowl neckline bordered in reemblemized Alençon lace, dipping to a deep V in the back. Her bracelet-length sleeves were also bordered with the lace. A very bouffant skirt, billowing from a dropped front waistline outlined in lace motifs was loosely embellished with garlands of lace.

A contoured butterfly bustle effect cascaded into the sweeping cathedral train and a melody-length veil of hand-rolled scalloped French illusion was caught to a princess crown of pearls with aurora borealis tescapods. The bride carried a cascade bouquet of lilies of the valley and white orchids.

Miss Mary Lou Reilly, sister of the bridegroom, served as honor attendant. She was attired in a parchment shaded sheath with overskirt and matching accessories and carried a bouquet of autumn leaves.

Bridesmaids were Miss Melody Mis of Evansville, Ind., Mrs. Sandra Wilder of DeKalb, Ill., Miss Jeanine Elam, Webster

Mrs. Cornelison Hostess For Class

Members of the Aim High Class of St. Peter United Church of Christ met Friday evening in the home of Mrs. Cornelison, 1561 Garfield avenue, with Mrs. Josephine Sortor serving as hostess.

Devotions on the topic "God Speaks To Us Through the Bible" were given by Mrs. Estelle Monken. Mrs. Johanna Lampe conducted the business session.

The remainder of the evening was devoted to games, and awards were made to Mrs. Alayne Graham, Mrs. Edna Niepert, Mrs. Arline Brinkmeyer and Mrs. Betty Fayer.

Refreshments were served to the twelve members, and plans were made for the October meeting in the home of Mrs. Brinkmeyer, 1824 Ferguson avenue.

**LIVE WIRES CLUB HOLDS MEETING**

The September meeting of the PBX Live Wires Club was held Thursday evening in the home of the president, Darlene Garceau in Collinsville.

The hostess presided and reports of the secretary and treasurer were given. Guests attending were Sharon Pryor, JoAnn Goertz, and Hortense Hoffmeister.

It was voted to change the meeting dates from the second to the first Tuesday of each month, the next to be held Oct. 2.

## Winsome Class Holds Meeting

The Winsome Class of Grace Baptist Church was entertained Thursday evening in the home of Mrs. Lorene Pare, 2300 Edwards street.

Mrs. Alice Hecht, president, was in charge and roll call was answered with famous proverbs. Devotions were led by Mrs. Virginia Wiser and plans were made for a luncheon Sept. 20 in the home of Mrs. Hecht on Rural Route One.

Mrs. Charlotte Moeller offered the closing prayer, and there were games for entertainment. The awards went to Mrs. Marilyn Parker, Mrs. Cora White and Mrs. Virginia Slides. Refreshments were served by the hostess.

The next monthly meeting will be with Mrs. Ava Welch, 2307 East 23rd street, in October.

**PTA WILL HOLD OPENING MEETING**

The first fall meeting of the Lake school PTA will be held at 7:30 p.m. this evening at the school with Mrs. Lorraine Bischhoff, president, in charge.

Guest speakers will be John McBride and Edward Juneau, who will discuss the city's drainage-pollution abatement bond issue.

**RETURNS TO COLLEGE**

Donald Davinroy, son of Mr. and Mrs. Leo Davinroy, 229 Klein street, Venice, has returned to Murray State College in Kentucky where he has been reappointed head counselor of Franklin dormitory for men. A senior, majoring in business education, he is serving his third year as a counselor. His fraternity is Alpha Tau Omega, of which he is treasurer.

### GC Contractor Files Suit Against City

A \$2057 suit against the city of Granite City was filed last week in the circuit court at Edwardsville by G. H. Sternberg & Co.

In the suit, Sternberg states that changes were authorized and extra material and labor was required in the city project for improvement to 19th street. He said extra excavation amounted to \$873 and the added cost of sub-base materials amounted to \$1083 in addition to other expenses.

The suit claims all contractors bid on the same set of plans and specifications prepared by the city for the removal of abandoned trolley tracks and that the quantities of excavation and materials were specified. It also states the city's resident engineer was advised of the extra cost and ordered the contractor to proceed.

A bill covering the cost of the extra work was submitted and was rejected by the council.

Sister Jerome is currently enrolled in a post-graduate class in obstetrics and pediatrics at the South Dakota school. She completed a one-year undergraduate course in nursing last month, and worked at St. Mary's Hospital in Pierre until the post-graduate class convened.

### Licenses of Two Local Men Revoked By State

Four driver's license actions affecting Madison county residents announced last week by Secretary of State Charles F. Carpenter included two against local motorists.

The license of D. R. Sanders, 54, Janday lane, was revoked for causing or contributing to an accident resulting in death or injury.

### RETURNING TO HOSPITAL

Sister M. Jerome, formerly assigned to St. Elizabeth Hospital here, who will be stationed here following post-graduate nursing course in obstetrics and pediatrics.

Also announced by Carpenter was the revocation of the license of Norman L. Graham, 1008 Washington avenue, Madison. He was charged with three violations.

### Archbishop of Chicago To Arrive Here Today

The Nativity of the Virgin Mary, Eastern Orthodox Catholic Church, 416 Ewing avenue, Madison, is planning a 62nd anniversary celebration.

His Eminence, John, Archbishop of Chicago, will arrive here today to inaugurate the celebration and the ground breaking ceremony for a new edifice.

The present church structure dates from the early 1900's when a group of Orthodox Christians dedicated a new building. The church has served many years and the need for a new and larger building has become evident over the last few years.

The Patron Feast Day of the parish fall on Sept. 21 this year. His Eminence will celebrate a Pontifical Divine Liturgy that evening and an Akathistos Hymn will be sung in honor of the Virgin Mary. His Eminence is bringing an ancient Icon of Our Lady of Tikhvin. The Icon has a very special place of honor in the hearts of the Russian Orthodox of the City of Novgorod. When the Communists began to destroy the churches and monasteries, the faithful hid this icon and it made its way to Riga, Latvia, where Archbishop John had his see. He brought the icon

### Sewer Report Expected By Nameoki Twp. Board

A further report on the proposed sanitary sewer system for Nameoki township is expected to be presented by an engineer from H. W. Lochner Co. at a meeting of the town board tomorrow evening.

The board sessions begin at 7 o'clock and are held in the town hall along Route 162 east of Route 111.

with him when he was forced to flee his homeland.

After the service the Ladies Sodality will hold a tea in honor of the distinguished visitor.

On Sunday, Sept. 23, ground will be broken on the corner of Fifth and Ewing avenue for the new church. The structure will include in addition to the church proper, an auditorium and classrooms for the church school. The banquet will follow at the American Legion hall in Venice and all friends and neighbors are invited to come and join with the parishioners in the celebration. Banquet tickets are obtainable from any of the parishioners or at the door.

Entertainment will be provided by the Little Cossacks, the Junior and senior choirs of the parish and the Junior Tamburitzas of St. Louis.

### Gifts For Princess Include Typewriter

Gifts for Miss Bernadette Acquaviva, sixth princess in the sixtieth anniversary queen contest include a portable typewriter.

Miss Acquaviva, 17, is the daughter of Mr. and Mrs. Bernard Acquaviva, 2445 St. Clair avenue, is a freshman pre-medical student at Webster College, Webster Groves, Mo.

She also is to receive a portable beauty salon, a table model radio and a barbecue grill.

### Public Warned of Land Buys, Sight Unseen

The public again is being bombarded with offers to speculate in the purchase of undeveloped land in far away places, sight unseen. Harlan A. Dobry, manager of the Tri-Cities Chamber of Commerce today warned the public to investigate any of these offers before signing contracts or making down payments.

There are many legitimate land developments which advertise with due regard to the facts, but, according to the National Better Business Bureau, there are others which exploit the gullible. The Bureau, with which the local Chamber is affiliated through membership, reports that some of the land being offered in these promotions is in the desert, swamps or even jungle. A great deal of it is sub-standard. Much of the advertising used in promotions fails to disclose the true nature of the land offered and the conditions under which it may be made habitable.

Many factors should be investigated before any land is bought, Dobry emphasized, such as climate, the availability of utilities, water, sewage facilities, roads, the distance from shopping areas, schools and churches.

"Above all," he said, "a prudent buyer will see the land before buying, in order to ascertain its true nature."

### Jr. Tri-Hi-Y Programs To Begin On Saturday

All Junior Tri-Hi-Y Clubs will resume activities Saturday, Sept. 22, at the YMCA, according to an announcement by Mrs. Marty Herman, Junior Tri-Hi-Y director. The "Y" will be open to all junior high school students of Granite City Saturdays from 1 until 4:30 p.m.

Prather, Central and Coolidge girls who would like to belong to one of the clubs may get a group together and start a club. The club rooms have been newly decorated and furnished, and there will be complete programs for all junior high school students.

Included will be judo, form fit, junior life saving, splash parties, em. and baller dancing, and many other activities.

GRANITE CITY

## Citizens' Explanation Of Bond Issue Election

(The following information on the special election in Granite City Tuesday, Oct. 2, has been assembled by the Citizens' Committee.)

(Active in pollution abatement planning for the past three years, the Citizens' Committee developed the improvement program which is to be acted upon by the voters. It is now conducting a campaign to make full information on the proposal available to all local citizens.)

Why every Granite City taxpayer should vote "Yes" for the bond issue Tuesday, Oct. 2.

For health, for economy, for local control, for clean rivers.

To end backed-up sewers in basements and floods here and there. To keep Granite City the fastest-growing and most prosperous city in Madison County.

Here are the facts about the Master Sewer and Storm Water Drainage program which has been assembled for your information by the Citizens Sewer and Drainage Committee of Granite City.

**FIRST, WHAT WILL YOU BE VOTING FOR?**

To authorize your elected public officials to raise \$10,000,000—the bare minimum required to give Granite City a modern sewer and drainage system and a sewage treatment plant.

No city has cash on hand to pay for this kind of project. The money must be borrowed, and the way a city borrows money is by selling bonds. There are plenty of financial institutions willing to lend cities money by buying their bonds.

These particular bonds are revenue bonds, and they will be sold at public bid. They will go to whoever offers to pay the highest price for them. Granite City the money at the lowest rate of interest. The actual rate will not be known until the bonds are sold, but it cannot exceed 5%.

In selling \$10,000,000 worth of these bonds, the city will, in effect, be making a 40-year, installment loan. The money will be repaid over that long a period. The last of the bonds will not mature until the year 2002.

The fact they are revenue bonds means that this program will have absolutely no effect on your property taxes.

The money needed to pay the annual payments for principal and interest and to operate the sewage treatment plant will come from monthly service charges.

These charges will be based

on use. They will be divided among every user in fair share proportion to the volume of water each user puts into the sewers. In addition, use will be charged for the winter months. Householders will not be charged for drainage from water used on lawns and gardens.

**WHAT WILL IT COST YOU?**

Industries and businesses will pay the largest use of water. For example, Union Starch & Refining Co. will pay about \$61,000 a year based on the anticipated volume it will put into the sewers. General Steel Industries will pay about \$15,000.

By way of contrast, about 85% of all the residences in Granite City use water on a scale that will qualify them for the minimum use charge of \$39 a year—or \$3.25 a month.

That charge will apply in the Nameoki area as well as the rest of Granite City. The \$3.25 will not be added to what Nameoki residents are paying already.

Say your present monthly charge is \$2.50. Your new average amount of water. Your new total charge per month will be \$3.25—or .75 more than you are paying now. You will not pay a penny more than people in other sections of Granite City.

**AND WHAT WILL YOU GET IN RETURN?**

The debts will be covered later. Briefly, the money raised by selling the \$10,000,000 in revenue bonds will be used to produce modern sewerage.

1. A modern, comprehensive system of sanitary sewers and storm water sewers throughout the city at the lowest possible cost.

2. A sewage treatment plant which we will have to build anyway because Granite City, like other cities, is going to be allowed to pollute the Mississippi River with raw sewage any longer.

And why do we need those facilities? We need them:

1. To stop the flooded streets and basements and yards with every heavy rainstorm.

2. To keep the city out of the health of ourselves and our children.

3. To lift the state order that now prevents any extensions to our present, overworked sewer system and, in so doing, is stilling down Granite City's growth.

4. To qualify Granite City for \$20,000,000 in urban renewal funds from the federal government—funds that could be used for many needed city improvements.

These charges will be based

and stooges have been silent about Granite City's eligibility for up to \$20,000,000 in urban renewal projects. These federal funds can be obtained ONLY if the city handles the pollution-drainage project.

Nothing is funnier than a man who happens to guess right once and gets the idea that he is an expert.

**Groups Elsewhere In County Joining In Urging Board To Approve Zoning**

Quad-City organizations have shown that they are solidly behind the adoption of zoning for Madison County. Bolstering the belief that zoning can be approved this year, organizations in many other parts of the county have joined in endorsing the appeal for favorable action by the County Board of Supervisors.

Edwardsville firms and organizations with 167 members urging zoning action include: Central Trades and Labor Council, Wesley Chapel A.M.E. Church, Business and Professional Women, Woodlawn Gardens, First Federal Savings and Loan Association, the Schmidt-Horn Agency, Realty, Oscar Schmidt Agency and the Collinsville-Edwardsville board. A survey has shown that "among organizations in Edwardsville township, there are 135 times as many members in favor of zoning as there are opposed," the County Board has been informed.

Seventy-two Wood River township residents have petitioned the board to "favorably consider a zoning ordinance. We take pride in our property and in Madison County, and we feel sure that zoning will enable us to protect our property from undesirable conditions that can and do exist at present."

Rev. G. W. Brewer, district superintendent of A.M.E. churches, points out that zoning is a "necessary protective measure for county prosperity and security." He is urging churches and clergymen in his district to rally behind the efforts to obtain adoption of zoning.

The Wood River Chamber of Commerce has recommended zoning approval by the County Board, and the Greater Alton Association of Commerce has gone on record that "unless the county has zoning to protect its property, the county will be built outside of cities, many of them will be second-class residential areas in the future. Likewise, unless the prime industrial lands are protected from residential development, the county will have no place to put industry and the county's tax base as a result will suffer."

Points cited—property values, separation of conflicting land uses, encouragement of growth, new jobs to maintain a high standard of living and a plan to help bear the tax burden—all affect the Quad-Cities and surrounding area, in the same way they affect the remainder of the county. Citizens here and elsewhere have much at stake in the drive for zoning approval.

The world has a lot of people who are ready to be generous just as soon as they get a couple of million dollars.

What with all the books and articles on etiquette, it would seem that everyone ought to be well-behaved by now.

## THE PASTOR SPEAKS

REV. ARVIN TWITMEYER, Coeditor, Lutheran Church of the Cross, Granite City, Ill.

As I walk along the narrow, dusty street, bordered on both sides by the one-story, white houses of the almost-forsaken, little Oriental village, I am warned that in the shadows just around the next corner, with his jaw wide open, there stands a huge, snoring lion, waiting to pounce on me.

Such is the picture given me as a child to visualize St. Peter's words, "the Devil as a roaring lion, walketh about seeking whom he may devour." This is a picture which has given me a strong feeling about the devil as a real personality. At least, I know my toughest enemy.

"In C. S. Lewis' fine little book, 'The Screwtape Letters,' the Devil is always very pleased when a candidate for hell is led to believe that there is no Devil. Today, the Devil is having a heyday as two huge, worldly cults are being successfully sold to the people that the Devil is a clergyman's concoction used to force people into their power."

The Devil's shirt sleeve must be blown up tight enough to split with his own laughing at the complete breakdown of our own spiritual hopes. He is laughing at the Devil (this word is prejudicial), and we therefore no longer regard these actions as outrageous immorality, but as a "devouring" of Satan himself.

And Satan together with all his forces is laughing at the day of the Devil's defeat in a black devil suit. Hell is really getting acquainted. Taking part were Donna Short, Miss O'Brien, Mrs. Davis, Diana Mayford, Nancy Woody, Jackie Thompson, Pamela Sumonia, Lisa Anderson, Carolyn Legate, Brenda Astor, Barbara Bagby, Betty Gardner, Angela Pope, Denise Hanebrink, Joel Miller, Brenda Ravallins and Brenda Voss.

**SECOND BIRTHDAY**

A second birthday of Janice Vangilder was celebrated in the home of her parents, Mr. and Mrs. Paul Vangilder, 2228 Lincoln avenue, Friday.

A neighbor, Mrs. Darner, presented the honoree with an impressive cake decorated with clovers.

Refreshments were served to the honoree's grandmothers, Mrs. Edith Arnold and Mrs. Gladys Ray; her aunt, Mrs. Genevieve Brown; her uncle, Charles Price; children, Kathy, Diana, Daren and Richard; Mrs. Marcella Shirk and daughter, Shirley; Mrs. Lawrence Arnold and children, Tammy and Jeff; Mrs. Ada Campbell and Mrs. Virginia Rainwater; Mrs. Mary Carwitz, Mrs. Mary Miller, Mrs. Mary Ann Miller and guests, Mrs. Kathy House and Mrs. Virginia Ahrens.

**Work On Franklin Ave. Nearly Completed**

Work is continuing on Franklin avenue where street department crews are planning to complete the job of grading and rock.

Sidewalk repair crews continue working in the 2300 block of Delmar avenue, while other crews inspected sanitary sewer installations and cleaning culverts.

**Stop Sign Arrest**

A charge of failing to observe a stop sign was placed against Charles B. Adams 16, of 2917 Hennock avenue, who was arrested Sunday morning at Woodlawn avenue and Maryville road.

River was at flood stage. Beyond the banks, the small farmers' levees were not strong enough to hold against the river pressure. I recall that 40 years ago cesspools were plentiful and outdoor toilets were very popular. The population was near 800 or 10,000, but today we have advanced to in excess of 40,000 residents and created a small fortune building a gold-plated sanitary sewer.

Why did they not make it a combination sewer, as we have in the older parts of Granite City? This, of course, would be a little additional cost for larger life. Why do not the subdivisions provide the sewage drainage for their new subdivisions? They make all of the

The city threw the entire sanitation department across the Mississippi River and \$147,500 of the taxpayers' money was lost. Now, a \$10,000,000 bond issue. Where will they throw this?

JOHN B. MOSE, 2012 Omaha street

(Editor's note: Combined or one-piece sewers no longer meet state and federal standards for efficiency and adequate control of sewage. When both sanitary and storm water enter the same pipe in the same way, the sewage is pumped into the storm sewer, a downpour of rain forces raw sewage into basements, streets, lawns and gardens, creating a health menace.)

The Citizens' Committee will work closely with city officials in planning pollution abatement and drainage improvements, as it has for three years.)

## 25 YEARS

The following items were taken from the files of the Granite City Press-Record.

**MONDAY, SEPT. 20, 1937**

The Rev. W. K. Sisk, Th.D., pastor of the First Baptist Church at Anna, Ill., was the guest speaker at the annual convention of the Third Baptist Church in Granite City. He will take over his duties Nov. 1.

Henry Ostendorf Post No. 1300, Veterans of Foreign Wars, has received a gold trophy for the most outstanding work in connection with an American poster contest held in Illinois this year. The award was presented by the Illinois Department of Americanism, committee to W. F. Coolidge, chairman of the local post's committee on Americanism and a past state chairman. The cup is 10 inches high.

Upwards of 5000 people visited the three-day fall festival which ended Sunday night at the American Legion Home, Granite City. It was one of the most successful ever given by the local post.

Marvin Barnes of Granite City received word last week that he had passed the Illinois bar examination. He studied at McKendree College, Washington University and the University of Wisconsin. He attended Granite City public schools.

Mr. W. F. Coolidge, president of the Twenty-second District Board of Supervisors, returned from the auto of Paul Hutchins, 2106 Ohio avenue, two men returned from the local court charged with being drunk early Sunday morning.

Mr. and Mrs. Herbert Kieffman have returned from a one-week vacation in Florence, Ala. The trip was made by steamer.

Mr. and Mrs. William Huxel of Cleveland, Ohio, are enjoying a visit in Oakland, Calif., with Mr. and Mrs. T. J. Huxel and Mrs. Edward Watkins.

Several hundred local fight fans last Friday night at Barrett's amateur boxing show, staged in the Madison high school gym saw a new class flyweight, rally in the fourth round after practically being knocked out by the third, and outpoint Don Schulte of East St. Louis, who held an A.A.U. title. Although not scheduled as the headliner, it was easily the feature of the eight-bout show.

Mr. Ralph Prohardt gave a party for her bridge club Friday afternoon, entertaining 100 guests.

Guests: Mrs. Walter Kieffman, Mrs. Elmer Hill, Mrs. Lawrence McCauley, Mrs. F. H. Alexander, Mrs. Wessel Brown, Mrs. Waldo Frihart and Mrs. Ernest Rouland. The hostess made the high score in the afternoon. Mrs. McCauley was second and Mrs. Klein third.

## The FORUM

URGES BIG TURNOUT BY VOTERS OCT. 2

To the Editor:

The big day Oct. 2 is our \$10,000,000 bond issue vote. Let's make the big turnout. Let's shine. Use your voting privilege. Don't depend on the other person's vote. His may be opposite of yours and he will gain a vote by you not voting.

On this sewer, there is going to be a tap-on charge to the levee board main sewer, or is this a direct line? Will interest have to be paid for the amount of \$10,000,000 when it is got voted in, or just partial amount at times? The minimum charge of \$3.25 monthly fluctuate up when the water is used. The water back to \$3.25 when it is back at the minimum, or will it stay at a maximum rate? At times in winter, more water is used than others.

Can't something be done to help retired residents of our city, such as retired people, or widows with no income except of what they get from old jobs? I believe we owe them this much. A person called me and told me a farm she had on. When she moved to Granite City, she sold her property in Wisconsin and moved to Granite City. She tried to get a job in a school cafeteria and was refused because she didn't live here two years. At this same time our city gave away our sanitation workers' jobs to people who didn't live here two years.

It is said that this bond issue will bring more jobs. Why bring them when we can't let us keep the men we got?

DAVID HAMMOND  
2413 Iowa street

**NONN OPPOSES CITY ... DRAINAGE PROGRAM**

To the Editor:

As an alderman of the city of Granite City, there are several issues concerning the bond issue to be voted on Oct. 2 that I feel I should bring to the attention of the residents of the 5th Ward, should be aware of.

First, the bond issue is advertised as \$10,000,000 will in reality amount to much, much more. The city is advertising \$10,000,000 in "pocket" money. With interest, the improvement will cost the city \$12,000,000. This figure represents the cost of a partial job, not an overall job, to solve Granite City's drainage

problems. (See Note One, below.)

Secondly, the people are being misled on the amount of the minimum charge per residence. The minimum charge per residence will be \$3.25 per month. This figure is based on water consumption and will rise with the amount of water used in each home. Thus, if a family's water bill exceeds the minimum, that family can expect to pay a proportionately higher sewer fee.

Furthermore, the people living in the Nameoki area, according to the city attorney, will pay that amount in addition to the \$3.25 sewer payments they are presently making—a total minimum monthly payment of \$3.75, beginning thirty days after the vote. This is a total of \$3.75 per month, or \$45.00 per year. (See Note Three, below.)

of Granite City should be given of the facts. (See Note Eight, below.)

Armed with this knowledge, I am sure that they, too, will not support a bond issue or a partial job costing approximately \$24,000,000 of the taxpayers' money. I wholeheartedly recommend that the people vote "No" on Oct. 2. (See Note Nine, below.)

WALTER NONN  
Alderman, Ninth Ward

(Editor's note: Because of the critical importance of the drainage-pollution program to all Granite City citizens, Alderman Nonn's statement cannot be allowed to go unchallenged. Not many years ago, he simultaneously was on the levee board payroll and the city payroll while working full-time for a realtor.)

Note 1. As in the long-term purchase of a house, where cash is not paid, all bond issues—state, federal or local—have a "cost" which is an interest charge. However, the benefits of a home or sewer system are enjoyed immediately and, in addition, the higher cost of future construction is avoided.

## ILLINOIS STATE MEDICAL SOCIETY

## Simmons Defends Auto Purchase By County Party

Walter T. "Buck" Simmons, chairman of the Madison County Democratic Committee, said Friday he sees nothing wrong with acceptance of a new auto partially paid for by the party.

Simmons has been criticized for accepting the vehicle, which was purchased last month. He said he did not ask for the car and was surprised by the action, but is "glad they thought enough of me to do it."

He said money for the new auto came from Democratic party funds. "We have only one fund," he told the Press-Record, "all the money goes into one account."

The Venice political leader, a McKinley Bridge office employee, said he has worn out two autos since becoming county chairman over two years ago. "I received around \$1000 expense money last year," he said, "and my income tax forms will show it. The expenses were for going to meetings and different functions, trips to Springfield and other trips I made securing jobs for Madison county Democrats."

He said the decision to furnish the car was made by the party executive committee at an August meeting, and vote on the question was unanimous.

**Never Asked For It**  
"There's nothing illegal or immoral about this," Simmons said. "I never asked anybody to buy me an automobile. It was a surprise to me when it came up on the floor at the meeting."

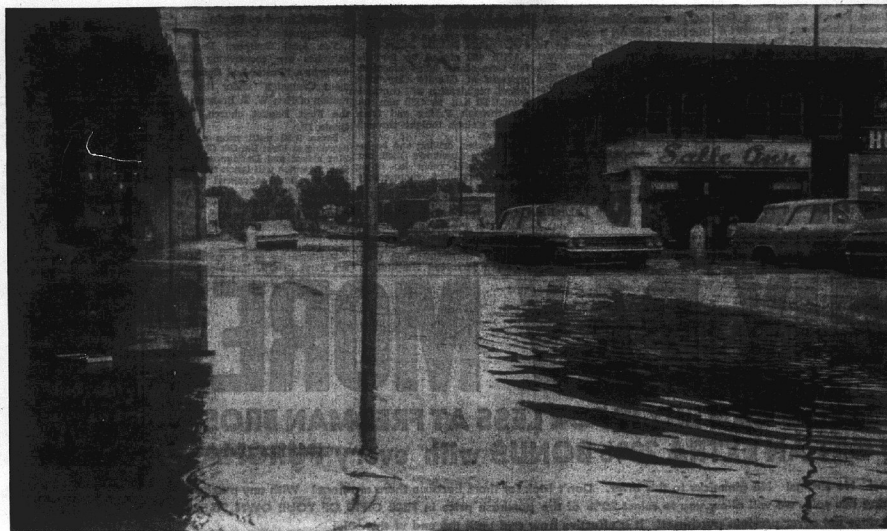

In answer to critics who complained because the auto was purchased from a Jerseyville dealer instead of one in Madison county, Simmons said the action was taken by the committee and not by himself. "I think anyone would go where they could get the best deal," he said. The committee passed a resolution to pay the difference between his 1959 model auto and the new one, he said. The difference amounted to \$350.

"And I'll have to pay about \$500 income tax on that," he added.

He said he uses the new auto almost every day for party business throughout Madison county or escorting visiting candidates.

The August action also has been criticized because it was taken by the executive committee instead of the larger county central committee.

**Approval Not Needed**  
"We can spend the money any way we see fit," Simmons said.

# WHAT IS MORE IMPORTANT THAN HEALTH?

The Tri-City Medical Society Urges Granite Cityans To ...

# VOTE 'YES' X OCT. 2

For PROGRESS with Economy --- and a clean, HEALTHFUL, ATTRACTIVE CITY

Whose pollution needs abated? The river—Yes. But also Granite City's homes, lawns, gutters and ditches, where disease-carrying sewage overflows every time it rains.

End drainage ditches infested with insects, rats, snakes and weeds. End flooded streets and stalled autos. End damage to your property.

### Bennett Named Soldier Of Month In MP Unit

Specialist fourth-class Bruce Bennett, son of Mrs. Idella Collins, 809 Franklin street, West Madison, has been selected as "soldier of the month" for August in Company C of the 70th Military Police Battalion at Darmstadt, Germany, his relatives here have been notified.

Entering the Army in June 1957, Specialist Bennett went to Germany a year ago. His efficiency, thoroughness, appearance and conduct were cited by his company commander, Capt. Burton Patrick, as factors in the selection.

### New C. of C. Directors Take Office Oct. 1

Thirteen new directors have been elected or designated to the Tri-Cities Chamber of Commerce board of directors.

The new directors are: Ted Berger of Ben Schermer A-C Hardware, Lewis R. Causey of the Nestle Co., Russell O. Creech, Jr. of General Steel Industries, Harold R. Fischer of First Granite City National Bank, Henry R. Gabriel of Gabriel & Dulgeroff and Associates, B. E. Hohlt of B. E. Hohlt, Inc., Carl E. Mathias of Illinois Power Co., George Mauze of Southwestern Bell Telephone Co., Sam L. Meyer of Tri-City Tent and Awning Co., John McBride of

Union Starch & Refining Co., Randall Robertson of Lueders & Robertson, Stanley O. Schermer of Schermer Super Markets, and Robert T. Wagner of Dressel-Young Dairy Co.

According to the C. of C. by-laws nine are elected from a slate of 18 and four others are designated by the president to assure proper representation of industries and areas.

The ballots were tallied Thursday evening by a judges committee consisting of chairman Charles F. Reimers, Charles L. Gavin, Oliver B. Jacobsmeier, Frank R. Rae and Everett G. Steele.

The new directors will assume their three-year posts as of Oct. 1 and will hold their first board meeting Oct. 2.

### GC Firemen Selling Tickets But Not Seeking Book Ads

Leonard Wilson, president of the Granite City fire department firefighters union, Local 253, advised the Press-Record Friday that the Granite City fire department is not soliciting advertisements for an air show. "We are selling tickets to our annual firefighters benefit ball, and the contacts are being made personally by uniformed firemen."

Wilson said there has been some confusion over the advertisements being sought by solicitors for the Long Lake fire department.

### Registration Continues For Adult Night School

With 460 signed up for the fall term of the adult education program at Granite City high school, registration will continue from 8:30 a.m. to 4:30 p.m. today through Friday and from 6 to 9 o'clock tonight through Thursday.

All sewing, driving and beginner typing classes are filled, but there is still room in other classes, including cosmetology and advanced typing.

### Baptist Churches Begin 'Enlargement' Campaign

Ten local Southern Baptist churches are cooperating this week in a "Pastor-Led Enlargement Campaign" under the direction of Rev. W. T. Bramer of the First Baptist church, DuQuoin, Ill.

From 9:30 until noon each morning at First Baptist Church, 21st street and Delmar avenue, Rev. Bramer will teach the pastors the latest advanced methods in Sunday school administration and his teaching will be duplicated by the pastors each evening in classes for the officers and teachers of their individual churches.

Participating in the campaign are First, Third, Bethesda and

Calvary Baptist of this city, Temple Baptist of Madison, Mitchell, Troy, State Park, Meadow Heights and Calvary Baptist of Edwardsville.

### School Stop Charge

## Rostollan-Peterson Nuptials Here

The chapel of Central Christian Church, 2020 Johnson road, was the scene of an informal wedding Friday evening when Mrs. Lenora Peterson and Walter G. Rostollan, both of Mt. Vernon, Ill., were married there at 6:30 p.m. Rev. James R. Craddock performed the double-ring ceremony.

Attendants were the bride's brother and sister-in-law, Mr. and Mrs. Delton R. Grothuis, of this city.

For her wedding, Mrs. Peterson wore a dark blue silk dress trimmed with white, and a white hat trimmed with sequins. Mrs. Grothuis was in a blue print silk dress and a small white feathered hat.

After a wedding supper Mr. and Mrs. Rostollan left for a short trip before returning to Mt. Vernon to reside.

road. The accident occurred at Cayuga and Jefferson streets. Police said the boy was riding south on Jefferson and the auto was traveling west on Cayuga. The boy was treated at St. Elizabeth Hospital.

Abrasions and contusions were suffered by 12-year-old David Wolfe, son of Mr. and Mrs. George Wolfe, 2011 4th avenue, shortly before noon Saturday. The boy, a seventh grader at Coolidge Junior high school, was knocked off his bicycle by an auto on a parking lot at Nameoki road and Madison avenue. He was given emergency treatment at St. Elizabeth Hospital.

**Four Hurt On Highway**  
Four young women from this area were injured about 8 p.m. Saturday in a two-car crash on U. S. Highway 67a near Bend road. Hospitalized was Miss Helen McKinley, 19, of 1406 Iowa street, who suffered multiple contusions to her face and left forearm.

Passengers in the auto who were treated at St. Elizabeth Hospital and released were Miss Darlene Vargin, 19, of 1662 Sixth street, Madison, injured left knee; Miss Janice Symezek, 18, of 2054 Fourteenth street, contusions to the forehead and right leg; and Miss Mary Ann McGovern, 19, of 2844 Marshall avenue, contusions to her left elbow and right knee and foreign body in her right eye.

Details of the crash were not available at state police headquarters.

**Three Hurt In Crash**  
Three teenagers were injured about 2 p.m. yesterday in a crash in the 2800 block of Iowa street involving an auto and a parked car.

The driver of the auto, Robert E. Ennis, 28, of 2116 Cottage avenue, who was hurt, was charged with carrying a passenger and injured and treated at St. Elizabeth Hospital for cuts and abrasions were two passengers, Connie Isank, 18, of 2614 Madison avenue, and Lawrence C. Brisky, 17, of 2128 Miracle avenue.

Police said the Ennis auto was northbound and struck a parked car belonging to an A. Delmar, 2854 Iowa street.

Helen Kack, 42, of St. Louis, was injured at 3 p.m. yesterday when the auto in which she was riding collided with another at Klein street and Broadway. Venice, she was taken to St. Elizabeth Hospital with abrasions to the head and transferred to St. Louis City Hospital.

Valley Forge Pilgrimage For GCHS Representatives

A pilgrimage awarded to Granite City high school as a part of the 1962 Freedom Foundation Award will be started this week by Miss Mary Blackburn, head of the speech department, and Miss Anita Schroeder, a June GCHS graduate now attending the University of Illinois.

Miss Schroeder was one of the principal students active in development of the speech department's winning entry, "History of Granite City Through Private Enterprise." The entry consisted of the original dramatics production tracing local history and a series of seven historical plaques prepared by the speech classes. Members of the cast presented excerpts of the drama at meetings of various Granite City organizations and clubs.

**Fined On Two Counts**  
Leslie Holik, 21, of 1738 Delmar avenue, was charged Friday with having no auto sticker or state plates on his auto. He pleaded guilty and was fined \$5 and costs on each charge by Police Magistrate Gasparovic. Holik was allowed to work out his fine.

Venice police said she was a passenger in the auto of C. W. Coppedge, 44, St. Louis, which was going west on Broadway. The vehicle collided with the auto of Helen Kack, 42, of 1213 Logan street, Madison, which was northbound on Klein.

**Accident Injures Three**  
Three out-of-town persons, all riding in the same auto, were injured Saturday and received emergency treatment at St. Elizabeth Hospital. No details of the accident were available from the county, local state authorities.

Treated were Delmar Kloss, 23, of Highland, his wife Doris, 23, both for neck injuries, and Oliver Willmann, 43, of St. Louis, a cut to his forehead.

Warren Garrett, 31, of 310 Watson road, Madison, was treated for minor injuries yesterday afternoon when the auto he was driving was involved in a collision with another auto at Roosevelt drive and Harrison street in Eagle Park. State police said he was driving west on Harrison street, while the other auto was being operated north by Cecil Elroy Bell, 17, of 1038 Douglas street, Madison. Garrett was charged with operating a car without a driver's license.

Police Hold GC Man For Beating Infant

Roy J. Breeden Jr., 25, of 2705 (rear) Denver street, was being held today by Granite City police for the Madison county sheriff's department. He was arrested Sunday afternoon after police received a complaint that a man was beating a baby near the levee at the end of Denver street.

The complainant told police the man was hitting the child with his fists and belt. Breeden admitted to police he struck the child but did not recall the details.

Breeden was picked up by the police in the 2800 block of Denver. With him was his seven-month-old son, Walter C. Breeden, the victim of the beating.

Police took the boy to St. Elizabeth Hospital. He was transferred to St. Louis Children's Hospital where his condition was listed as satisfactory. The baby was bruised but suffered no fractures.

Local police said the beating took place in the county and Breeden thereafter would be turned over to the sheriff's office. Police Chief Raymond Willett said a state warrant would be prepared.

The man was described by police as being excitable. They said Breeden told them he had had an argument with his wife and after making up with her took the baby for a walk to the levee. He gave no reason for beating the child.

## Those Who Serve

### THE GIRL SCOUT LEADER she teaches responsibility . . .

The Girl Scout leader is an adult supervisor and at the same time a grown-up friend. She has undergone extensive training and volunteered her time and effort to prepare her charges to be better citizens. She knows that the ideals and principles of scouting will benefit all girls. She believes that the growing-up years of every girl are important.

The leader helps Girl Scouts have a good time together, but she also inculcates in them a sense of responsibility toward their troop and their community. She helps them learn new skills and teaches them the fundamentals of democracy.

She gives young girls in finding values expressed in the Girl Scout promise: On my honor, I will try: to do my duty to God and my country, to help other people at all times, to obey the Girl Scout Laws.

The Girl Scout leader knows that youth is the time of the possible, the time when the mind is open and eager to learn.

She believes that it is her job to develop courage, protect the confidence of the young, train their hands and hearts to serve their homes, their communities, and their nation.

### Change in Nylon Tire Design adds mileage at no extra cost!

28 million miles of road tests have proved that making this nylon tire lower, wider — more nearly the running shape of a tire — actually increases mileage 25% to 30%.

Because you pay not one cent more than the price of ordinary tire line nylon tires, Gates low profile nylon tire makes your tire dollars go 25% farther — really saves you important money on tires.

## Special Care Required For New Type Zippers

By Mrs. Elaine P. Wendler  
Madison County Home Advisor,  
Home Economics Extension,  
University of Illinois

Remember the zippers of today, "aren't what they use to be?" Newest in the field is the new nylon monofilament zipper.

You'll need to use the same precautions as you would with any nylon product. Use the nylon or synthetic setting of the steam setting of your iron.

If you need a higher temperature because of your garment fabric or if you press with the zipper open, use a press cloth over the zipper area to avoid damaging the zipper.

## Current Trends In Home Furnishings

Window Treatments—Window shades are popular this season. Urethane foam window shades insulate and act as sound cushioners. Woven wood, plastic cloth, and decorator fabric shades are replacing venetian blinds. Paper-fabric producers

will have cafe curtain and drapery made from flameproof knit paper fabrics on the market soon.

News in Lamps—Tall heights for table lamps range from 27-30 inches. Shades are almost exclusively all white, with a plain or simple trim in drum shades. Wall fixtures are leading in popularity.

Carpet Feature Today—Most American made carpets are tufted. They are made by needling pile into a previously woven back of jute or cotton. Many have a latex stabilizing backing to prevent tufts from pulling out. Knitting is a popular method of rug construction which results in deep-pile shag, loop pile (sometimes called round wire) tufted, sculptured, hard-twist frizee, and high-loop tufted in two or three layers.

Fringed room-size rugs of Spanish, Colonial, and old southwestern style fit today's decor.

decorator. The primitive charm of old folk art has a fashionable country look. Today's hooked rug designs are so well done that the appear in contemporary museums.

Upholstery Fabrics—Improvements in construction, fiber content, and finishes have extended fabric choices. Flat-finishes have finished fabrics hold little dirt extended fabric choices. Flat, and resist snags. However, satin weaves do snag. They are not for vigorous wear. Loop and pile fabrics may have a stabilized backing to prevent fibers from pulling out. A new fabric is knitted nylon laminated on polyurethane to take care of stretch. It looks like velvet or suede.

Upholstered Furniture—Much of it is smaller in scale, with slim-lined upholstery but with a soft, graceful look. Simple construction gives an airy, spacious appearance. Open arms and zip-in upholstery for loose pillows minimize care and repair problems. Extra arm and back slip covers of fabric matching the upholstery are recommended. If you need additional sleeping space, consider a sofa that converts into a bed. Watch for the distressed finish on furniture. The old look is popular, but not the shabby look.

Look and ask for information labels on material, finish, and care. Most of this identification appears on furnishings as new products are developed. Buy upholstered furniture with re-upholstery in mind. The design and construction determine whether or not a piece is worth re-upholstering when wear makes replacing or re-upholstering necessary.

## Safety Pointers For Bicycle-Riding Pupils

Thousands of young bike pilots who are again pedaling their way back to school should be aware of all bicycle safety precautions, according to area safety officials.

"Smart pilots steer clear of accidents by always obeying the rules of the road" and by keeping their bikes in top shape, they point out.

The safe, well-equipped bicycle should have a horn or bell, a headlight visible 500 feet ahead, a tail light or reflector, and reflective tape visible 500 feet behind, a rear view mirror, a kick stand, a carrier and a chain guard.

"The careful bike pilot should remember to wheel home on time and not loiter after school into the dangerous dark hours which come earlier during the fall months. And these safety tips should be heeded."

1. Avoid busy streets whenever you can and keep your bicycle under control, staying on the right side of the street close to the curb.

2. Travel in single file when riding with others, a full bike's length behind, and steer with both hands on the grips except when signaling, stopping or leaving the curb.

3. Do not carry another passenger or any big bundles on your bike.

4. Come to a dead stop at all stop signs and always stop, look and listen before entering a street from a sidewalk, driveway or alley.

5. Use your own power (hitching onto moving vehicles is against the law) and do your riding in the daytime.

6. Be ready to put on the brakes at intersections and always let people on foot and other vehicles go first when they're about to cross in front of you.

7. Obey the same laws as motorists.

## Former Granite Cityan Is Brigadier General

Col. Glenn T. Moran of LeMay, Mo., a former Granite Cityan, has been promoted to brigadier general in the Missouri Air National Guard. It was announced last week.

Gen. Moran is commander of the Guard's 131st Tactical Fighter Wing. A graduate of Granite City high school, he is a brother of local attorney George Moran.

Gen. Moran, also an attorney, was credited with destroying 16 German planes in world war II. He was recalled to active duty during the Korean conflict and again last year during the Berlin crisis.

He is married and the father of six children.

## Hit-Run Accident

Melba M. Ishmael, 36, of 728 Twenty-eighth street, reported to police Sunday afternoon that as she was driving east on Nantoni drive, an auto making a left turn off Circle drive struck the right rear fender of her auto and left the scene.

These good safety rules will be well prepared for the back to school bike rush. And he will increase his chances of going to and from school without becoming involved in an accident."

**Accident In Passing**

## TAX FACTS

By Maurine L. Scott, Executive Secretary, Taxpayers' Federation of Illinois

With the opening of another school year, the Taxpayers' Federation of Illinois adds its voice to those of others in urging students to attend and graduate from high school. Not only will this goal insure greater earning power for the students in the future, but it will help the nation's economy. A recent report, prepared by Commerce Clearing House News Bureau from U.S. Department of Labor statistics, is proof of this statement.

It costs the average teenager \$48,364 for failure to complete high school, according to Commerce Clearing House. In a study of lifetime earnings taken from U.S. Department of Labor statistics, the loss amounts to 22 percent of what the teenager could earn in his lifetime if he continued high school to graduation, the CCH report said.

The official figures show that high school graduates earn \$257,267 during their working lives. But those who quit high school before they graduate earn only \$211,193 in the same period.

On the basis of annual income, the high school graduate can look forward to earning an average \$5367 a year. The high school drop-out's average is only \$4618, CCH said.

Statistics for 1959-60 also reveal a wide gap of more than three to one between graduates and drop-outs who lose their jobs. Sixteen of every 100 who leave high school before graduation remain unemployed for periods of six months or longer, compared with five such unemployment experiences among high school graduates.

The national unemployment rate at October 1961, among high school graduates was 16 per cent; among high school dropouts, 30 per cent.

Official estimates are for 26 million young people to enter the nation's labor force in the 60's, some seven million more than in the prior decade. In 1970, the forecast is to 20 million workers under age 25, up 46% over 1960.

Of these 7½ million will not have completed high school. If the current drop-out trend continues, government figures indicate that of the 24 million children entering the first grade this fall, at least 800,000 will be drop-outs before their class graduates in 1975, the CCH report said.

### Two-Week Maneuver For Pvt. James Sparks

Army Pvt. James L. Sparks, whose wife, Carolyn, lives at 609 Broadway, Venice, recently participated with more than 70,000 Army and Air Force personnel in Exercise Swift Strike II, a two-week U.S. Strike Command maneuver in North and South Carolina.

Sparks is assigned to the 101st Airborne Division's 18th Infantry, regularly stationed at Fort Campbell, Ky. He entered the Army in January 1962 and completed basic combat training at Fort Jackson, S.C.

The 23-year-old soldier, son of Mr. and Mrs. Walter C. Sparks, 613 English place, is a 1957 graduate of Granite City high school. Before entering the Army, he was employed by Granite City Steel.

### Complaint Filed Under City's Muzzle Law

Bruno Richardson, 50, of 2009 Twelfth street, posted a \$50 cash bail Monday evening after he was charged with permitting an unlicensed dog to run large.

The complaint was signed by Betty Osborn. Such an offense would be a violation of a city ordinance which provides a penalty of \$10-\$50.

# Prevention Of Subsonic Booms' Task Of 50th Ordnance Detachment

"COMPANY CAR" of the 50th EOD is this jeep, easily identified by its red-painted fenders and bomb insignia. The 50th moved to the Granite City Army Depot from Ft. Leonard Wood, Mo., in 1958. It has logged an average of 15,000 miles per year since on alert calls and to display inert ammunition.

NEVER A DULL MOMENT. Members of the 50th Ordnance Detachment take on a variety of jobs involving a variety of explosive materials. At top, SFC John Glassford probes the Big Muddy river near Hurst, Ill., for a 4.7-inch artillery projectile which had been thrown from a bridge. In photo below, SP4 Patrick Campbell gingerly extracts 2.75-inch aircraft rocket from wreckage of crashed Air Force plane.

## Little-Known Depot Unit Has Wide Area Of Responsibility

It takes a dedicated man to climb down a 14-foot manhole to disarm a homemade "suitcase bomb" containing over 60 sticks of dynamite, or remove armed rockets from the wreckage of a military aircraft.

And dedicated they are, the group of Army personnel who make up the 50th Ordnance Detachment (EOD) attached to the Granite City Army Depot.

A small, especially trained group of career soldiers who seek no notoriety and gain little because of the sometimes classified nature of their work, the "bomb disposal squad," as it is commonly known, has been quietly and efficiently going about its business here since late 1958.

Its business, or "primary mission," as stated by Sgt. Robert Lear, NCO in charge, is "the safe disposal of conventional, nuclear and thermodynamic explosive devices, either U.S. or foreign, which have been initiated but failed to explode as intended."

Translated into layman's language, this simply means that the EOD squad steps in when the "boom," either military or civilian, fails to develop as planned, then moves to see that it doesn't develop.

The 50th is one of 12 such detachments scattered around the Fifth Army area, and is responsible for all explosive disposal of a military nature in the eastern third of Missouri and southern half of Illinois.

All Volunteers Its members (five enlisted men and an officer, 1st Lt. Addison B. Henry Jr.) are all regular Army men, volunteers for their jobs who have received at least 13 weeks of special training and regularly return to Maryland for updated refresher courses.

With the construction of Nike missile bases in a ring around St. Louis area, the 50th's importance has increased, not only from a military viewpoint, but also from the angle of protecting the lives and property of civilians in the heavily populated area.

Sgt. Lear, who eats, sleeps and lives his job, mentioned that by 50th is called on "shipment alert" on the average of once a week inside the area covered by the detachment. "Shipment of what?" was the question, "We'd better not discuss that," was his answer.

Routine—But Important The dangerous—and glamorous—outside of the 50th task is somewhat overshadowed by routine assignments which are none the less important.

"Duds" shells uncovered by erosion or excavation and "deactivated" war souvenirs that cause maiming and death among the civilian population, Sgt. Lear pointed out. Homemade rockets and unguarded industrial explosives are dangerous to the uninitiated.

The 50th recently recovered a spent, homemade rocket which had imbedded about one-third of its length in frozen ground just a few feet from an underground gas storage tank in a suburb of St. Louis.

The government cannot require souvenir collectors or the finders of strange and unexploded bombs or shells to turn over these potentially dangerous items, but the 50th and other units like it continues to carry on an informative program which can and does reduce the danger factor involved.

Train Own 'Agents' The 50th conducts "regular courses (six of them in the past two years) for police and law enforcement agencies which produce ordnance reconnaissance agents whose job it is not to disarm explosive devices but to locate them and identify them. The information which in many instances will enable the 50th to identify the explosive object simply via a telephone conversation.

"We have trained over 500 of these agents in our area over the past four years, and plan to continue the courses in areas we haven't yet covered," said Sgt. Lear. Most of these people are law officers or persons connected with civil defense.

What happens when the 50th receives such a call?

"We can have complete equipment capable of handling any type of explosive situation fully loaded and be ready to move out in 30 minutes," Sgt. Lear said.

The 50th has done a lot of "moving out" since it was assigned here from Ft. Leonard Wood in 1958. Lear estimates the unit logs some 15,000 miles a year averaging 15 to 20 miles per day. Its classes and standing inert explosive exhibits at fairs and exhibitions in Missouri and Illinois.

One other important and little publicized job undertaken by the Granite City EOD team is the "souvenir roundup." The unit collects and catalogs items which have found explosive devices to bring the items to a central point where they are identified and deactivated if necessary.

Nitro And 500-Pound Bombs One such roundup in 1960 in St. Louis county resulted in the collection of 7½ tons of explosive material varying from an exploded Civil War mine balls to two 500-pound bombs. The latter had been used as gateposts. The bombs, although

practices in nature, each contained 11 1/2 20-pound TNT charges for target marking purposes.

"We picked up live shells people had been using for doorstops, and even some nitroglycerin," Sgt. Lear revealed. "Shipment of what?" was the question, "We'd better not discuss that," was his answer.

By Edward Collier. Four centuries of colorful history are spanned by a Magic Circle auto trip starting in Albuquerque, the state capital and home of the University of New Mexico and its long-colored, Indian Pueblo style buildings. Night brings glamour to the Spanish conquistador used to the old world aura of soft music and gas lights. Starting north, highlights are Coronado State Monument where the Spanish conquistador used to the old world aura of soft music and gas lights. Roadrunners, the state bird, frequently will race along in front of your car on the back-country roads of this enchanting land. A mushroom-shaped formation created by minerals in the water. The route south is on a style-line road through forest country to ruins of the ancient "cities" of the houses with doors of the Apache, such as Quarai, now a state monument. Much of the area's charm is evident when driving through the Spanish-American hamlets of adobe houses with doors painted "Virgin Blue" and where an occasional television antenna seems the only link with today. Roadrunners, the state bird, frequently will race along in front of your car on the back-country roads of this enchanting land. 19-20

## WOMEN'S SOCIETY MEETS AT CHURCH

Mrs. Roberta Graves, president of the Women's Society of Christian Service, presided over a monthly meeting Thursday evening as the group gathered at the Madison Methodist Church.

During the first meeting of the new year, the newly-elected officers assumed their duties for the next year. The members of the society as well as officers of the Wesleyan Service Guild and the Men's organization of the First Methodist Church had been recognized during services at the church.

Mrs. Graves presented the lesson, "What Missions Mean To Me." A discussion was held on the topic by the group. At the conclusion of the meeting, the hostesses, Mrs. Robert Black and Mrs. David Richardson, served refreshments in the basement of the church to Mrs. Agnes Butkovich, Mrs. Betty Palmer, Mrs. Ruby Koller, Mrs. Cynthia Oden, Mrs. Mayme Vallow, Mrs. Evelyn Page, Mrs. Nana Wilkins, Mrs. Estella McBrian and Mrs. Betty Ballen. The next meeting is to be held Oct. 11.

## SHARON DUSEK IS CLUB HOSTESS

Miss Sharon Dusek, 925 Washington avenue, was hostess Thursday evening to her club in her home. Present were Miss Mary Ann Stalkoff, Charlotte Lewis, Patsy Lewis, Mildred Dacus and Sharon Nicholas. Mrs. Pat Heatherly and son Michael, Mrs. Janet Mayo and daughter, Jane Ann, and Mrs. Dorothy Weckman and daughter, Cynthia.

The club is to meet with Miss Charlotte Lewis Oct. 15, at which time a club name will be chosen and officers will be elected.

For the next meeting, the club will tour the Climatron at Shaw's Garden in St. Louis. Mrs. Earl Glenn has invited the club to meet in her home, 1629 Garfield avenue, for the November meeting.

## MRS. FARRELL HOSTESS

Mrs. Loretta Farrell was hostess at the September meeting of the Gardeners' Thursday in her home, 3219 Willow avenue.

The program for the day "Christmas Displays," was given by Mrs. Farrell. Numerous Christmas ideas were shown and discussed, and several centerpieces were made by Mrs. Farrell to illustrate her program.

Final plans were made to attend a radio program. Announcement was made that the Region Five fall meeting will be held Sept. 27 in East St. Louis. The hostess served a dessert luncheon to the following members: Mesdames Wilma Ann, June Blumestein, Carrie Cox, Bess Carr, Marie Eads, Carol Edwards, Jan Kohl, Ann Shannon, Madelyn Wenner, Rose Young and three guests, Miss Toni Farrell, Mrs. Marjorie Horn, and Mrs. Alice Richey.

## RITES IN CARBONDALE FOR MRS. LULA V. WALTERS

Funeral services were conducted Sunday in Carbondale, Ill., for Mrs. Lula V. Walters, 69, who died Thursday night. Mrs. Walters was the mother of Mrs. Sam Fraley of Granite City and wife of the late Thomas Walters. She is survived by four children, 13 grandchildren, 36 great-grandchildren and one great-great-grandchild.

Members of the family attending the services from the area were Mr. and Mrs. Paul Fraley, Mr. and Mrs. Sam Fraley and Mr. and Mrs. Ed Besserman all of Granite City, Mr. and Mrs. Ronny Danforth, Rolla, Mo., and Dr. William H. Fraley, Spartanburg, S. C.

## REUNION LUNCHEON

Mrs. Naomi Boelling entertained a group of friends in her home Friday afternoon with a reunion luncheon. The ladies had attended school together but had not seen each other for several years. Those present were Mrs. Desischer of Paradise, Calif., Mrs. Emmet Hoover, Bismarck, Mo., Mrs. Jess Hildreth, Glen Carbon, Mrs. Lettie Kelly, Vandalia, Mo., Mrs. Irene Miles and Mrs. William Jenkins, both from Granite City.

Mr. and Mrs. Earl Miles, 4205 East Lake drive, returned home late Thursday night after spending a week visiting relatives in Bloomington and Normal, Ill. They were the house guests of Mrs. Miles' sister, Mrs. Ethel Morley, and visited her nephew and his family, Mr. and Mrs. Russell Dorsey, a niece and her family, Mr. and Mrs. William Laskowski, all of Bloomington, and Mr. and Mrs. Bernard Dahlquist of Normal.

The Alpha Kappa sorority attended a fashion show held in St. Louis Wednesday night. Members attending as a social event were Misses Doty, Gavita, Charlotte Atchison, Mary Ellen Steinhauser, Phyllis McCoy and Phyllis Polley.

## MADISON LITERARY CLUB TO MARK ANNIVERSARY

First meeting of the 1962-63 year of the Madison Literary Club was held last week at the home of Miss Bess Carr, 1718 Garfield avenue, who opened the meeting with a prayer, "Slow Me Down, Lord."

During a business session, the club voted affirmatively on addition of three new groups, the Geoffrey Woman's club, O'Fallon Woman's club and O'Fallon Junior Woman's club, to the Federation of Women's Clubs.

It was announced that the Federation 22nd district's board of directors will meet Sept. 27 at East St. Louis, with the district's fall meeting Oct. 11 at St. John United Church of Christ, Granite City.

The evening's program consisted of highlights of the members' vacations. Plans were made to celebrate the club's first anniversary Oct. 7 at the House of Sunshine, Litchfield, Ill.

Members present included Mrs. Patricia H. Smith, Mrs. Betty Cox, L. C. Harlan, R. J. Hill, Harry R. Johnson, D. L. Kacaliff, Gale Lieber, Duff McBrian, John McEwan and Dennis Revelle and Misses Grace Drickson and Ellen Follmer.

## FIRST FALL MEETING OF CHURCH GROUPS

The Missionary Society and Social Circle of the First Presbyterian Church held their first fall meeting Thursday at one o'clock.

Mrs. Howard Lucas was hostess at a dessert luncheon served to three guests and eight members seated at a decorated table.

The guests included Rev. Lucas, Mrs. Cliff Willis of Jackson and Mrs. Stovall of Bingham, Ill. Both former members of Harris school.

Members present included Mrs. L. C. Harlan, president, Mrs. John McEwan, Mrs. Daisy McDonald, Mrs. Jack Rodgers, Mrs. Arthur Burns, Miss Lucille McCall and Mrs. Marion Fogle. During the luncheon, a memorial of remembrance was held honoring Mrs. Ulfers, mother of Mrs. Wilson, one of the founders of the Missionary Society and a charter member of the church.

Mrs. Harlan opened the business session with a devotional selected from "Today." Announcement was made of the annual fall Presbyterial on Oct. 3 and 5. A card was signed by all to be mailed to Mrs. Charles Hackett, past president, who is ill.

Rev. Lucas spoke on "Sin and the Law" from the Bible and the "Law" and the "History of Romans." Mrs. John McEwan gave the first part of the mission study, "Conversations on Asia." The meeting closed with prayers for missionaries of the day and benediction by Mrs. Fogle.

The Joy Sunday school class of the First Methodist Church is making plans to sponsor a benefit sale Sept. 19. More items are needed and will be picked up by Mrs. David Richardson or Mrs. Robert Graves are contacted. Proceeds will be used for church projects.

## TENTH BIRTHDAY PARTY

The tenth birthday of Karen Ann Webb was observed Wednesday evening with a party held in her honor. The party was given by her mother, Mrs. Wilburn Webb, in their home, 1644 Second street.
